

Gordon Burgin's Puzzles

CROSS-NUMBERS

CROSS-NUMBERS are like cross-word puzzles, using numbers instead of words. All the clues in the example relate to time measurement and should be prefaced by 'The number of ...' .

Across

1. Days in one half of a leap year
3. Minutes in a quarter of an hour
4. Seconds in one hour, 24 minutes and 3 seconds
6. Seconds in five minutes
7. Hours in a normal year
8. Hours in three and a quarter days, minus two hours
10. Days in a normal year reversed

Down

1. Years in a decade and a half
 2. Seconds in one hour minus # 6
- Across
3. Hours in a week
 4. Hours in 20 days, 20 hours
 5. Hours in a fortnight
 6. Seconds in one hour, 5 seconds
 9. Hours in a day and a half minus 180 minutes
